

Business Expense Reimbursement Policy

Standards for business expense reimbursement

Document No.	FIN-HR-POL-EXP-001	Policy Code	POL-EXP-001
Version	1.0	Classification	Internal
Effective Date	1 January 2026	Review / Expiry	31 December 2026
Policy Owner	Finance and Human Resources	Approving Authority	Chief Financial Officer

Policy Statement

This policy establishes the Company's standards and requirements for the matters covered by this document. Employees and managers are expected to comply with these requirements and to provide complete and accurate information when submitting or reviewing requests and claims.

Document Control

Version	Effective Date	Change Summary	Status
1.0	1 January 2026	Initial policy issuance for the 2026 policy year.	Active

Approval

Policy Owner	Finance and Human Resources
Approving Authority	Chief Financial Officer
Approval Status	Approved for use effective 1 January 2026.

1. Purpose

This policy establishes the requirements for reimbursing reasonable and necessary expenses incurred by employees for legitimate Company business. It is intended to promote consistent reimbursement, appropriate financial control, and complete supporting documentation.

2. Scope

This policy applies to business expenses incurred by active employees and submitted through the Company's expense process. Personal expenditure, unsupported expenditure, and expenditure outside the categories and limits established by this policy are not reimbursable unless an approved exception applies.

3. Eligibility

Claims may be submitted by active employees. The employee's employment status must be Active at the time the claim is evaluated.

4. Reimbursable Expense Categories

The following categories are eligible for reimbursement, subject to the stated limits and documentation requirements:

Category	Maximum Eligible Amount	Reimbursement Rate	Receipt
Meals	IDR 500.000 per transaction	100%	Required
Local transport	IDR 300.000 per transaction	100%	Required
Parking and tolls	IDR 250.000 per transaction	100%	Required
Accommodation	IDR 1.500.000 per night	100%	Required
Airfare	Actual economy-class fare	100%	Required

4.1 Meals

Reasonable meals incurred for business purposes are reimbursable up to IDR 500,000 per transaction. Alcoholic beverages and personal entertainment are not reimbursable.

4.2 Local Transport

Business-related taxis, ride-hailing services, and comparable local transportation are reimbursable up to IDR 300,000 per transaction.

4.3 Parking and Tolls

Necessary parking fees and road tolls incurred for business travel are reimbursable up to IDR 250,000 per transaction.

4.4 Accommodation

Business accommodation is reimbursable up to IDR 1,500,000 per night. A higher rate requires prior or documented exception approval. Personal upgrades and non-business hotel charges are excluded.

4.5 Airfare

Economy-class airfare for approved business travel is reimbursable at 100% of the actual fare when supported by the required documentation. Higher travel classes require documented exception approval.

5. Submission Requirements

A claim must identify the business purpose, expense date, category, amount, and relevant supporting information. A receipt is required for every category covered by this policy.

Employees must submit claims within the Company's established expense submission period and must retain supporting documentation until the claim has been fully processed.

6. Reimbursement Calculation

The reimbursable amount is calculated at the applicable reimbursement rate, subject to the category limit. Because the reimbursement rate under this policy is 100% for the listed categories, a fully eligible claim within its limit is reimbursed for the amount actually incurred.

Example

A meal expense of IDR 420,000 with a valid receipt is eligible for reimbursement of IDR 420,000. A meal expense of IDR 650,000 exceeds the IDR 500,000 category limit and is not fully eligible under the standard policy.

7. Duplicate and Ineligible Claims

The Company may treat a claim as a possible duplicate where the same employee submits an expense with the same expense date, amount, and category as an existing claim. Possible duplicates will be reviewed before reimbursement.

Claims that do not fall within an approved category, exceed the applicable limit, lack required documentation, or relate to personal expenditure may be rejected.

8. Business Travel Expenses

Travel-related expenses must also comply with the Business Travel Policy where applicable. Where a travel policy requirement and an expense reimbursement requirement both apply, the claim must satisfy both sets of requirements.

9. Exceptions and Approvals

Exceptions to a stated limit or category requirement require documented approval from the appropriate Finance or management authority. An exception does not establish a general entitlement or alter the published reimbursement limit.

10. Responsibilities

- Employees are responsible for submitting accurate, complete, and timely claims with valid receipts.
- Managers are responsible for confirming the business purpose and reasonableness of expenses within their approval authority.
- Finance is responsible for reimbursement processing, financial controls, and review of duplicate or unsupported claims.

11. Records and Audit

Expense claims and supporting receipts must be retained in the Company's designated financial or HR system in accordance with applicable record-retention requirements. The Company may review claims after payment and may recover amounts that were reimbursed in error or contrary to policy.

12. Effective Date and Review

This policy is effective from 1 January 2026 through 31 December 2026 unless superseded by an approved revision. The policy owner will review the limits and operating requirements before the next policy year.
